

The Meltdown - Height restriction must be at 1.2mts tall

The Meltdown challenges the guests to avoid two spinning bars, one positioned higher and one lower to the base of the inflatable.

The guests must stay on their podium while avoiding the two rotating bars. The guest that is the last one standing on their podium is the winner.

The game is housed in a 9.5m inflatable octagon. The speed of the rotating bars can be controlled for a more challenging experience or go slower for a more casual experience. Just like the big Sweeper from the popular game show “Wipeout”, The Meltdown’s giant mechanical arm goes around taking everything in its path. Think you’ve got what it takes to be the last one standing?

The Chair O Plane - Suitable Age 3-12 Years

The Chair o plane is one of most popular amusements around

Mini Ferris Wheel- Height requirements – between 95cm and 125cm

The Children's Mini Ferris Wheel Ride is a great little attraction for the smaller children. Maximum of 12 riders at a time

The Cup and Saucer ride is one of the most popular amusement rides around as it caters for both adults and children. With six spinning cups, it's a great classic ride for the whole family

Kite Flyer- Must be 105cm if not accompanied by an adult

The signature lay-down 2 passenger gondolas let the rider experience the sensation of free flight with a wave-like oscillating motion. Maximum number of riders Up to 16 riders at once

Music Trip - Suitable Age Must be 1.3m plus

Rock Wall - Suitable Age Must be 1.1m+

Climbing walls are a creative and innovative attraction, they are an ideal learning tool that is both challenging and fun.

Getting to the top and ringing the bell lets everyone know you made it. When you want to come down, just sit back and let the descender lower you. Adults and children enjoy a controlled and safe environment. Climbers of all ages can enjoy the experience.

Everyone will want to climb again and again.

Features of our Rock-Climbing wall:

- Is 8 metres high
- Takes up to five climbers at one time.
- Has five different climbing patterns.
- Has almost 60 square metres of climbing surface

[Rock Climbing Wall Safety Guidelines](#)
